CLASS DESCRIPTIONS

AQUA ZUMBA® - The resistance of the water takes fun, Latin dance moves to a new "cool" level in Aqua Zumba®. The moves are slightly slower than on land but the energy level is just as high. Aqua Zumba® is the perfect low impact way to "heat up the pool party!"

BALANCED LIVING YOGA - Opportunity to bring balance postures, balanced breath, and a balanced body into your daily life. This class is designed to be very gentle with chairs available for assistance, if needed.

BODY PUMP™ - Body Pump by Les Mills is the original barbell class that shapes, tones and strengthens the entire body. It is an active workout that challenges all major muscle groups by using weight room exercises such as squats, presses, lifts and curls. The workout focuses on high repetition movements with low weight loads. This process results in increased strength and lean body muscle conditioning. Participants should be well conditioned and injury free. Ages 15 & under not permitted. Late entry not permitted.

CORE & MORE - Strengthen lower back, abs and glutes in a fun and effective workout. Class will also include "unique" toning exercises, and a comprehensive stretching segment. All levels are welcome.

CYCLE - Cycle is a great way to get fit with 45 minutes of non-impact cardio and 5 minutes stretching at the end. Wear comfortable clothes and pants that are not loose at the ankles and spin shoes or "sneakers". Be ready to move! Please arrive 5 minutes early to set up your bike.

FIT YOGA - Hatha Yoga for the fitness enthusiast! Great for runners and sports buffs who need to stretch, lengthen and improve strength. Great way to compliment other forms of exercise.

GENTLE YOGA - Combines gentle movements with breath. Perfect for beginners, people with specific limitations and those recovering from injury. For those who need them, chairs may be used as an option.

MAT PILATES - This training helps improve posture and core strength. Exercise modifications make this workout safe for all levels of ability.

PUMP IT UP - Sculpt based class with cardio intervals (high or low impact options) added at regular intervals. This is the perfect class to strengthen muscles, build endurance and burn calories.
